Lokendra Rajpurohit

Full Stack Developer · Web & Shopify Solutions · AI Automation

rajpurohitlokendra62@gmail.com +91 93168 16153 Surat, Gujarat, India lokendra.is-a.dev ↗

PROFILE

Full Stack Developer at Tech Samrajya building scalable web applications, Shopify storefronts and AI-powered automation for real clients — from UI and REST APIs to databases, Docker and CI/CD deployment. Shipped production platforms including an Instagram and WhatsApp automation SaaS, an academic journal portal and a 3D product website.

EXPERIENCE

Full Stack Developer · Tech Samrajya, Surat — Mar 2026 – Present

- Build client web apps, websites and Shopify stores end to end with React, Next.js, Node.js and MongoDB.
- Develop AI automation and intelligent-agent features, such as keyword-triggered messaging on the Meta APIs.
- Containerise services with Docker and deploy via CI/CD pipelines to Vercel and Nginx-based Linux servers.

Full Stack Developer Intern · Tech Samrajya, Surat — Sep 2025 – Mar 2026

- Built responsive frontends and REST APIs for client projects, working across the full MERN stack.
- Customised Shopify themes in Liquid; converted to a full-time role after the internship.

KEY PROJECTS

AuraChat · Instagram, Messenger & WhatsApp automation SaaS — Live product ↗

- Replies to comments, DMs, story replies and live chats in seconds using keyword rules on the Meta APIs.
- Follow and email gates, timed DM sequences, WhatsApp flows with human handoff and an analytics dashboard.

Tech: Next.js, React, Node.js, Meta Graph API, WhatsApp Cloud API, Webhooks, Tailwind CSS

Bhandari TechFab · GFRP rebar manufacturer website — bhandaritechfab.com ↗

- Product website with an interactive Three.js 3D model, GFRP-vs-steel comparison and rebar calculator.

Tech: Next.js, React, Three.js, Lenis, Tailwind CSS

IJARMY · International research journal platform — ijarmy.com ↗

- Journal platform with author sign-in, online paper submission and issue archives on a versioned REST API.

Tech: Next.js, React, Node.js, REST API, Nginx, Tailwind CSS
